## Mapping & Survey Report

|                 |                                                                     |
|-----------------|---------------------------------------------------------------------|
| Project Name    | NIT Rourkela Campus Survey                                          |
| Location        | 22.2531°N, 84.9011°E                                                |
| Drone Model     | DJI Mavic 3 Pro                                                     |
| Detection Mode  | STANDARD                                                            |
| Analysis Date   | 30 May 2026, 11:47                                                  |
| Processing Time | 110.9 seconds                                                       |
| Status          | COMPLETED                                                           |
| Description     | Aerial monitoring of campus green cover, infrastructure & roadways. |

## Detection Summary

|                |                  |                    |            |
|----------------|------------------|--------------------|------------|
| Unique Objects | Categories Found | Area Covered       | Coverage % |
| 0              | 0                | 0.0 m <sup>2</sup> | 0.0%       |

## AI Planning Recommendations

Analysis detected 0 objects across 0 categories. Total covered area: 0.0 m<sup>2</sup> (0.0% of surveyed zone). Estimated available area: 0.0 m<sup>2</sup> (100.0%).
